

enough, there will be 41,200 deaths expected.

Breast cancer remains the most common form of cancer among women. We need every dime we can to promote research in this important field. Please join me in cosponsoring this bill, which I plan to introduce today.

□

TIME TO MOVE FORWARD ON GUN LEGISLATION IS NOW

(Mr. FORD asked and was given permission to address the House for 1 minute.)

Mr. FORD. Mr. Speaker, next month, very soon, we will unfortunately mark the 1-year anniversary of the tragedy at Columbine High School. Unfortunately, sensible gun control or legislation still languishes here in the Congress.

Forty-three percent of households in America with children have guns. Nothing is wrong with that. It would seem to me, though, that those of us in this Congress, in the face of horrors and tragedies around the Nation, would feel compelled to act.

In my home State of Tennessee, 95 percent of background checks for those who wish to purchase guns take place within 2 hours. Only 5 percent require additional information from law enforcement authorities.

Is it that much of an inconvenience, I say to those Members of the other side and even on my side, those in the National Rifle Association, and those in the gun lobby community? Is it that much to wait to ensure that we are able to cut down on human loss? Is it that much to wait to ensure that children, indeed, would be safer?

The conferees in the House and Senate have not met since August. I applaud the gentlewoman from California (Ms. LOFGREN) for bringing a motion to instruct the conferees to meet. Let the leadership in the House and Senate call the meeting of the Senate conferees. Let us do right by our children.

□

FISCAL YEAR 2000 BUDGET RESOLUTION

(Mr. GUTKNECHT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GUTKNECHT. Mr. Speaker, later today we are going to have a heated debate about the next Federal budget. We have already heard that some of our friends on the left are saying there are tax cuts for the rich. I guess if one is married, one is considered rich because we do make room to eliminate the marriage penalty tax. I guess if one owns a small business or if one is a farmer, I guess they consider one rich because we do make it easier in terms of estate taxes.

But the really good news about this Federal budget, and I hope Members are paying attention, is that this year, in this fiscal year, we will spend in the Federal budget \$1,780 billion. Under the

budget we are proposing, we are talking about spending \$1,820 billion. That is a 2.2 percent increase. That is the smallest increase in my adult life.

More importantly, Mr. Speaker, the Bureau of Labor Statistics tells us that this year the average family budget will grow at 4.9 percent. Now, when is the last time we have had a Federal budget that grew at half the rate of the average family budget? This is a good budget. It is fair. It has been evenly crafted. I hope Members will join me in supporting it.

□

THE JOURNAL

The SPEAKER pro tempore (Mr. PEASE). Pursuant to clause 8, rule XX, the pending business is the question of the Speaker's approval of the Journal of the last day's proceedings.

The question is on the Speaker's approval of the Journal.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Ms. SLAUGHTER. Mr. Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently a quorum is not present.

The Sergeant at Arms will notify absent Members.

The vote was taken by electronic device, and there were—yeas 345, nays 58, not voting 31, as follows:
